OCTOBER AWARENESS MONTH

STUDENT SPOTLIGHT

Elyse Horn is this week's featured student. Elyse was nominated by Mr. Richards for her hard work in completing all of her assignments, attending daily lessons, and is a great asset to our Jaguar community. She makes the extra effort to ensure her grades are high and that she is engaged and ready to learn. It is so hard starting a new school- even harder during distance learning. She demonstrates that, with a little effort, new beginnings aren't so strange or hard to bear! Way to go Elyse!

CLUB NEWS

HOSA club is part of a state organization that provides leadership skills, competitive event conferences, social skills, and connections with Health Care Professionals. We meet at 2:15 on Friday afternoons. All students are welcome but need to join by October 30th. Our first Fall Leadership Program for students is October 17th. To find out more about this club, contact Mrs. Meltvedt at deborah-meltvedt@scusd.

Creative Writing Club provides a space for students to write creatively about their lives, their feelings, medical topics and more. We work with the non-profit 916Ink to help students become published authors. So far we have published nine books of our students' poems and stories. Creative Writing Club meets on Tuesday afternoons at 2:15. Contact Mrs. Meltvedt at deborah-meltvedt@scusd.edu for more information. We hope to have a new book and book launch/reading in Spring of 2021.

REMINDERS & UPCOMING EVENTS

REOPENING UPDATE

On September 29, 2020 Sacramento moved to the red tier for "substantial risk". Sac City Unified works closely with Sacramento County Public Health and the Sacramento County Office of Education to develop and plan for a safe reopening of schools. The health and safety of our students and staff are our highest priority. For more information, please visit [SCUSD Reopening Status](#)

PARTICIPATION EXPECTATIONS

You are expected to fully participate in **EACH** class. This includes cameras on, responding to teacher prompts, participating in chats and breakout rooms and work completion. If you are not able to participate in class on any given day, you must communicate with your teacher to provide an explanation for your absences. Parents will receive phone calls for absences as well

Study skills

Don't eat and study at the same time

Try to study at the same time each day

Make sure that you have everything that you need before you start

Keep your homework in the same place so you know right where to find it

Have a system for keeping track of when and what assignments are due

Start an assignment the day it is given out. The longer you wait the more stressed you will be.

The perfect place to study:

Don't underestimate the value of a good place to study. The perfect place to study:

Is quiet (some kids work better with quiet music in the background)

Has good lighting

Is free from distractions (the TV isn't on and cell phones are off)

Has all the tools you need for studying (pens, pencils, paper, a dictionary)

When you get stuck

If you get stuck write down the question you have on a sticky note. Place it where you got stuck and then move on and do the rest of your homework. You can ask for help after you're finished.

Remember to include 15 minutes a day for reading.

15 minutes a day of independent reading can expose students to more than a million words of text in a year.
